_____ I don't want to help lead station or a crew, but I will be an extra set of hands to help during VBS

Please see descriptions of each station on the reverse side of this sheet

VOLUNTEER AREA DESCRIPTIONS

At VBS our kids visit several stations each day. Each station is staffed by an adult and/or teen leaders. Each station features a different activity each day that reinforces what kids are learning about God. **Remember this is the EASY VBS, everything is laid out for you—right down to what to say! Anyone can do it!!** Kids rotate through the other stations with their crews. Kids visit the following stations each day: _

Sing & Play Peak: They get introduced to the Bible Point, key scripture verse and bible memory buddy each day. They sing fun songs and they discuss their god sightings. This leader or leaders would start the day off for our young people!

WildBible Adventure: Kids experience the daily bible story in a hands on way. Crew leaders lead small group discussions where kids get to connect their bible experiences with real life as our station leader brings the bible stories to life.

Imagination Station: Kids dive into exciting experiments that connect the daily bible story and point. Station leaders lead our students in these exciting experiments.

Sticky Scripture: With Sticky Scripture, you'll help kids deepen their Bible literacy skills in surprising ways. They'll dive into God's Word with multiple senses, understanding the words, where they are in Scripture, and how the verse applies to them today.

Glacier Games: Kids play games that connect with the daily bible point and then discuss the connection with age appropriate questions. Each day there are three game options for our kids to play.

CompasClosing: Kids watch a special Spotlight VBS slideshow featuring photos of our kids at VBS that day. Kids sing songs and the leader helps kids apply what they have learned throughout the day to their every day life.

Crew Leaders: Lead a small group of students from one activity to the next. These leaders help lead the students in discussion and have lots of fun with them throughout the week.

Photographer: just captures our week in pictures. They will take pictures assemble the daily Spotlight Video (all laid out, just drop the pictures in). They will also take our crew pictures and individual pictures that are used during the week.
